VIRTUAL REALITY

FIRE EXTINGUISHER TRAINING

Fire Security Services are excited to launch our much anticipated state-of-the-art Virtual Reality Fire Extinguisher Training!

FIRESECURITY.CO.NZ

FIRE SECURITY SERVICES

KEY LEARNING OUTCOMES

» Understand the basic principles of fire science and the classes of fire.

» Demonstrate which type of fire extinguisher to use and how to correctly use it.

» Understand and implement a fire response plan.

COURSE DETAILS

COURSE DURATION   2 HOURS

LOCATION   YOUR SITE

CLASS SIZE   15 PARTICIPANTS MAX.

NO PREREQUISITES REQUIRED.

THE FUTURE OF FIRE SAFETY TRAINING IS NOW

Trainees will put their learning to the test with our game-changing virtual reality fire technology. This breakthrough technology is the same that is used by Fire and Emergency New Zealand – so you know your staff are getting the best quality training.

WHY CHOOSE VR TRAINING?

Fight fire without fire - it's the safest way to learn how to extinguish fire.

No real fire or chemicals means no negative impact on the environment.

We use the best VR technology, providing a fully immersive experience, cementing key learnings.

The training scenarios can be tailored to your workplace environment.

Mistakes can be made safely, leading to optimal learning outcomes.

Once training is complete you can rest assured that you have met your legal fire safety training requirements, and all participants will receive a certificate.
